

# Shooting in a Mosque - shooting in a church!

How much more suffering  
before we converge?

We will all come to a point  
where we all will agree!

Like it or not there is plenty

of time to devastate everything,  
all life, but life is a function of  
the space, time matter  
continuum.

The choice is ours do we want  
to live or die

So Far

We learnt to die, we do not yet  
have an inkling of living.

What is a hundred years in  
infinity?

Mysticisms sometimes pays!
